OMNIA Pocket Door Hardware

Product Data

Pocket Door Locksets

- **Backset:** 2 1/2"
- **For Door Thickness:** 1 3/4" thick as a standard, adjustable for 1 3/8" thick. (7012 can only be used on 1 3/4" thick doors.)
- **Case:** 1130/L (Privacy) and 1330/PD (Pair Dummy): 6 3/4" high x 3 9/16" deep. 1230/N (Passage): 3 7/8" high x 3 7/16" deep. Stamped from heavy wrought steel with zinc dichromate finish for corrosion resistance.
- **Front:** Armored steel front adjustable for beveled doors, with an 8" x 1" solid brass faceplate (1230/N: 5 1/2" x 1" solid brass faceplate). Finished to match trim.
- **Deadbolt:** 1/2" thick x 1 1/4" high x 1" throw, stainless steel, finished with US32D or PVD US4.
- **Pull:** 1/2" thick x 2" high x 1 1/4" throw, stainless steel, finished with US32D or PVD US4. Push button ejected with spring assistance.

- **Strike:** Stainless steel for US32D or brass and plated finish to match trim. Black plastic dust box supplied as a standard.
- **Cylinder:** Solid brass from bar stock, Schlage "C" keyway with two OMNIA nickel silver keys.

ALL MOUNTING SCREWS ARE SUPPLIED WITH SETS.
